This image shows a mobile application interface for registering. At the top, there is a status bar with the time 10:27 and various icons. Below that is a green header bar with the word "Posted". The main content area is white and contains four input fields labeled "Email", "Display Name", "Password", and "Confirm Password". Below these fields is a grey button labeled "REGISTER". At the bottom of the form, there is a link that says "Already Registered? Login here."

Homescreen

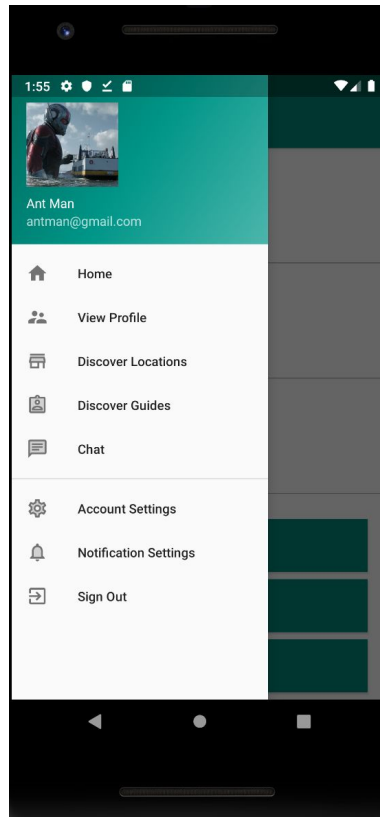

Step 1. The application will display the home screen after successfully logging in

Step 2. At the home screen, the user can do three different things:

- a) Discover locations
 - Clicking on “Discover Locations” will take the user to the “Location Page” (page 7 in user guide)
- b) Discover guides
 - Clicking on “Discover Guides” will take the user to the “Guides Page” (pages 8-9 in user guide)
- c) Open chats
 - Clicking on “Chats” will take the user to the “Chat Page” (page 11 in user guide)

Step 3. Clicking on the three bars at the top left will open the navigation (page 5 in user guide)

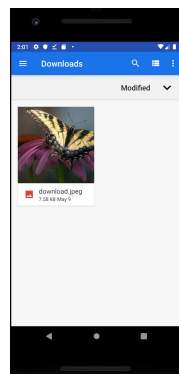

Navigation

Step 1. To get to navigation, click on the three bars in the top left corner.

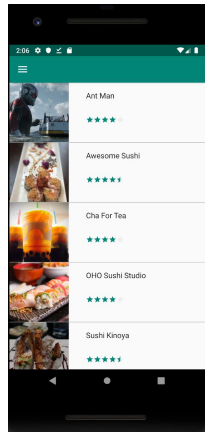

Optional Steps:

- Clicking on your avatar in the top left
 - This will open up your gallery, letting you change your avatar picture

- Clicking on “Home” will take you to the Homescreen (refer to page 4)
- Clicking on “View Profile” will show you more information about your account

- This page will display the locations you have visited (refer to page 7 for more information)

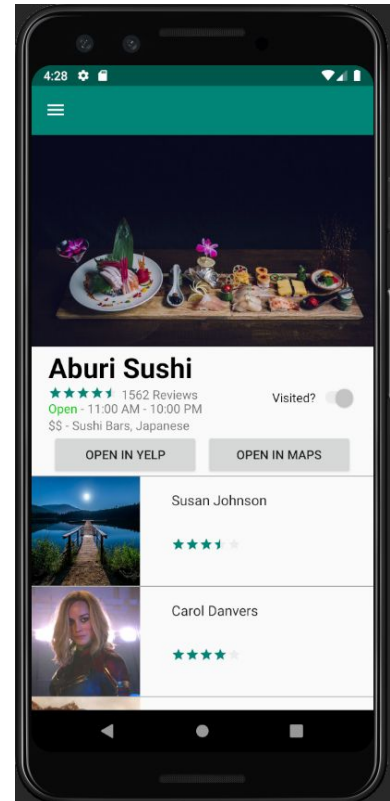

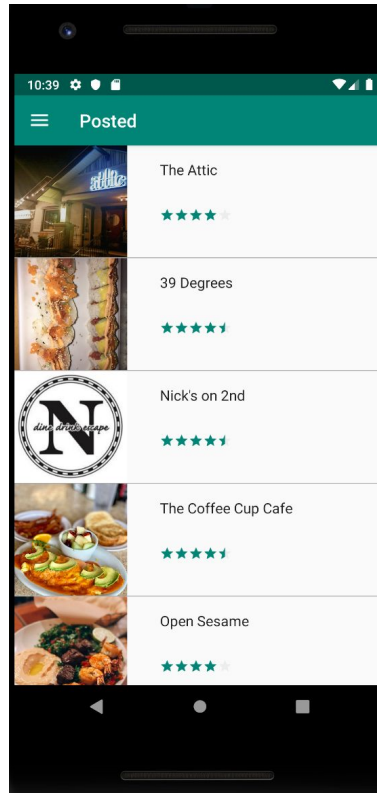

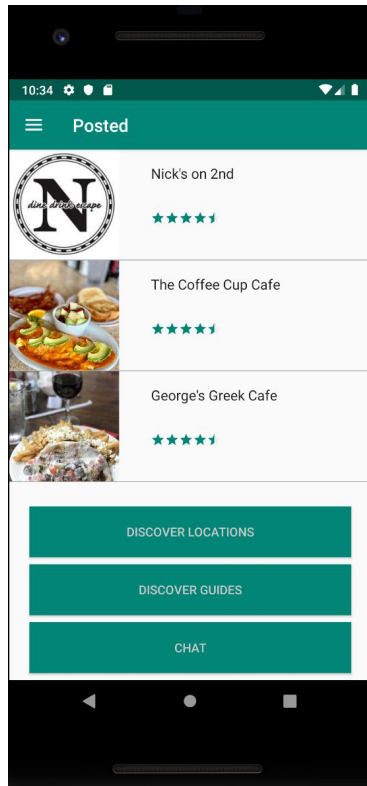

- Clicking on “Discover Locations” will take you the locations page (refer to page 7)
- Click on “Discover Guides” will take you the guides page (refer to page 8)
- Clicking on “Chat” will display the current chatrooms you have (refer to page 11)
- Clicking on “Account Settings” will take you to your account settings (refer to page 12)
- Clicking on “Notification Settings” will take you to your notification settings (refer to page 13)
- Clicking on “Sign Out” will simply log you out and take you back to page 3

Discover Locations

Step 1. From the home screen select discover locations.

Step 2. From the locations page select a location.

Step 3 (Optional). Marking a location as “Visited” will save this location to your profile.

Connecting to a guide

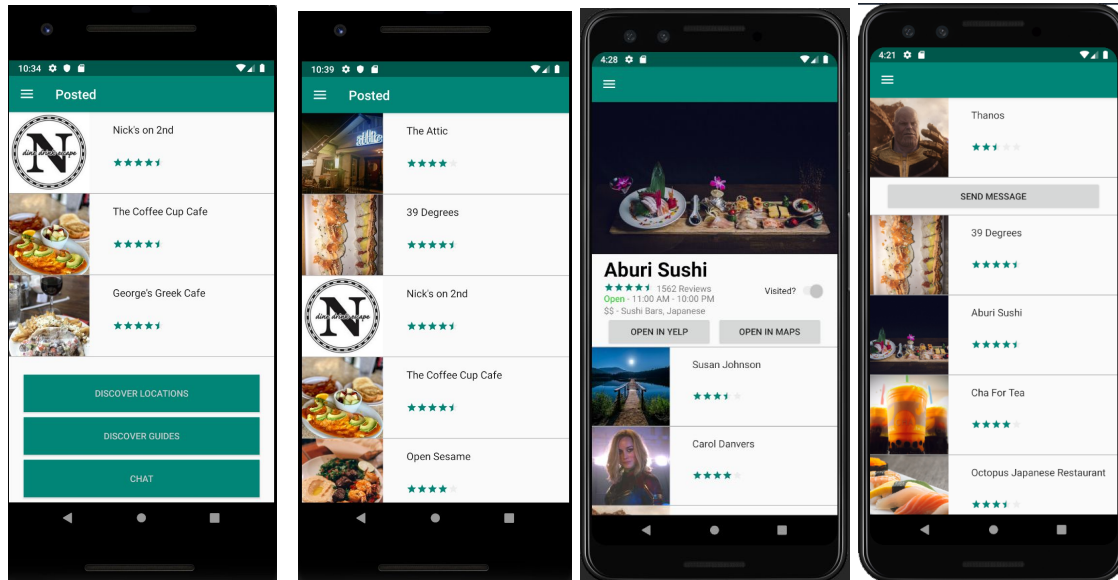

Finding a guide for a specific location.

Step 1. From the home screen select discover locations.

Step 2. From the locations page select a location.

Step 3. Select a guide to interact with.

Step 3. Initiate the chat with a guide by pressing Send Message.

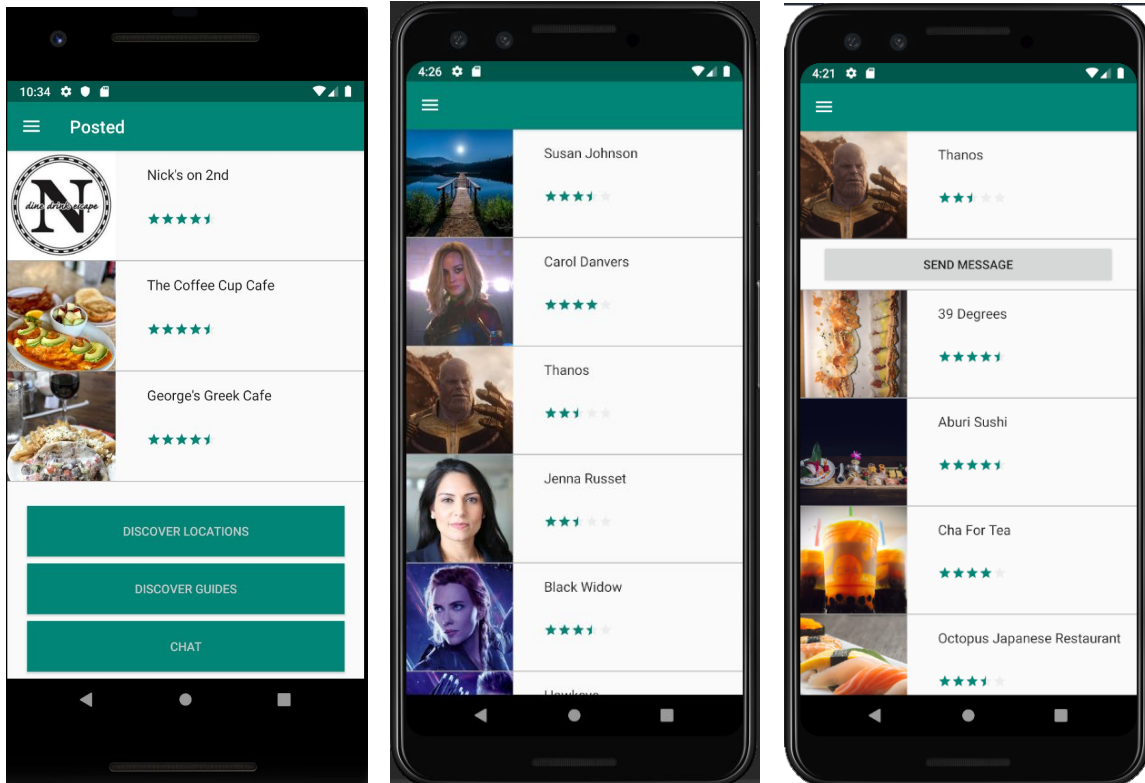

Finding a guide in general.

Step 1. From the home screen select discover guides.

Step 2. From the guides page select a guide.

Step 3. Initiate the chat with a guide by pressing Send Message

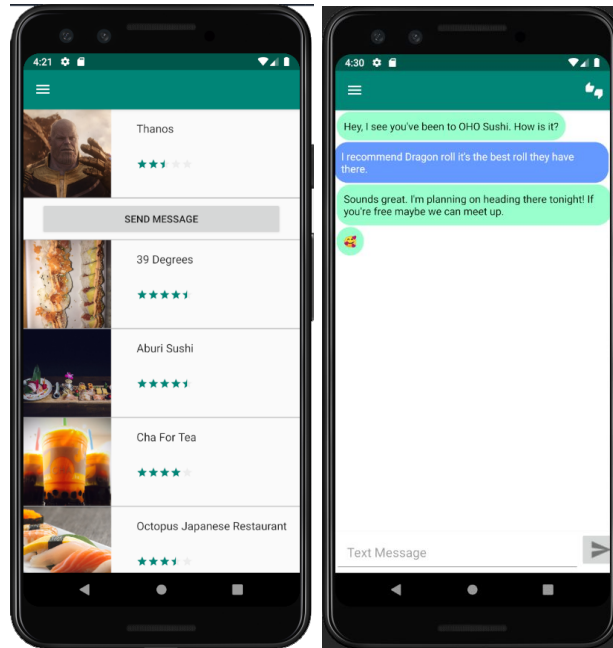

Starting a private conversation with another user

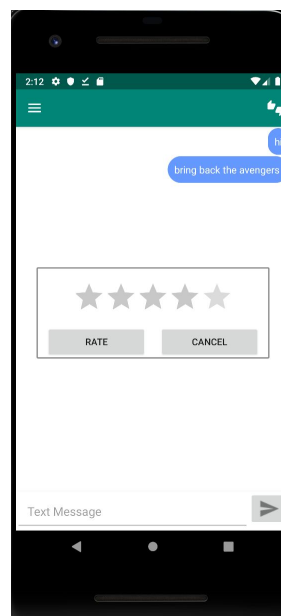

Step 1. Find a guide for a location that the user is interested in.

Step 2. On the guide page, tap on the **Send Message** button.

Step 3. From here, the users can send private messages to each other.

Step 4. The top right menu allows users to rate the other user.

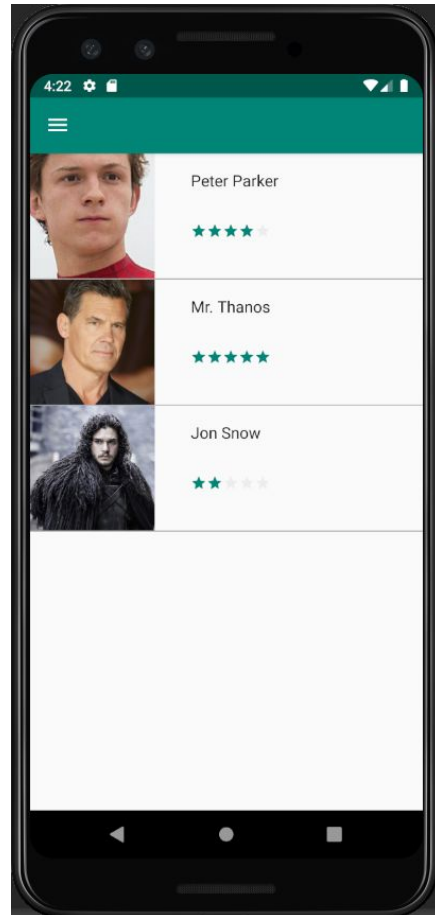

Viewing current chats.

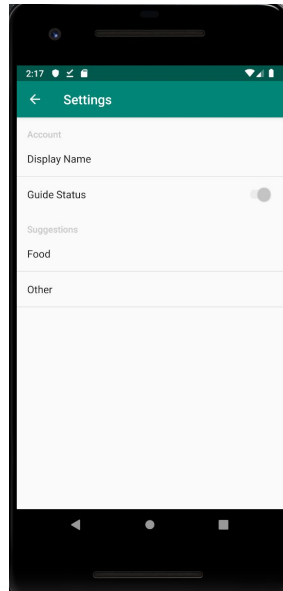

Step 1. From the home screen select chat.

Step 2. This page will display current chats, if any.

Step 3. If applicable, click on any current chat to continue messaging.

Account Settings

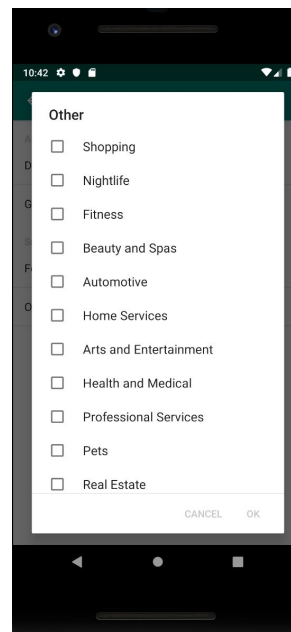

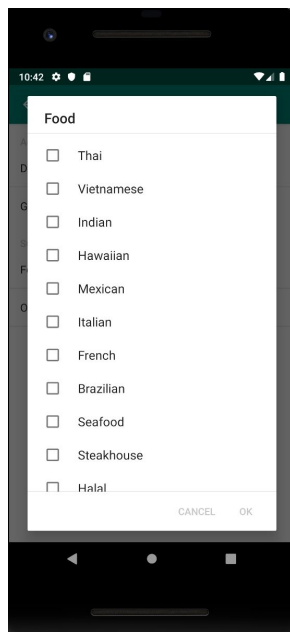

Step 1. To change your display name, click on “Display Name” and change to desired name.

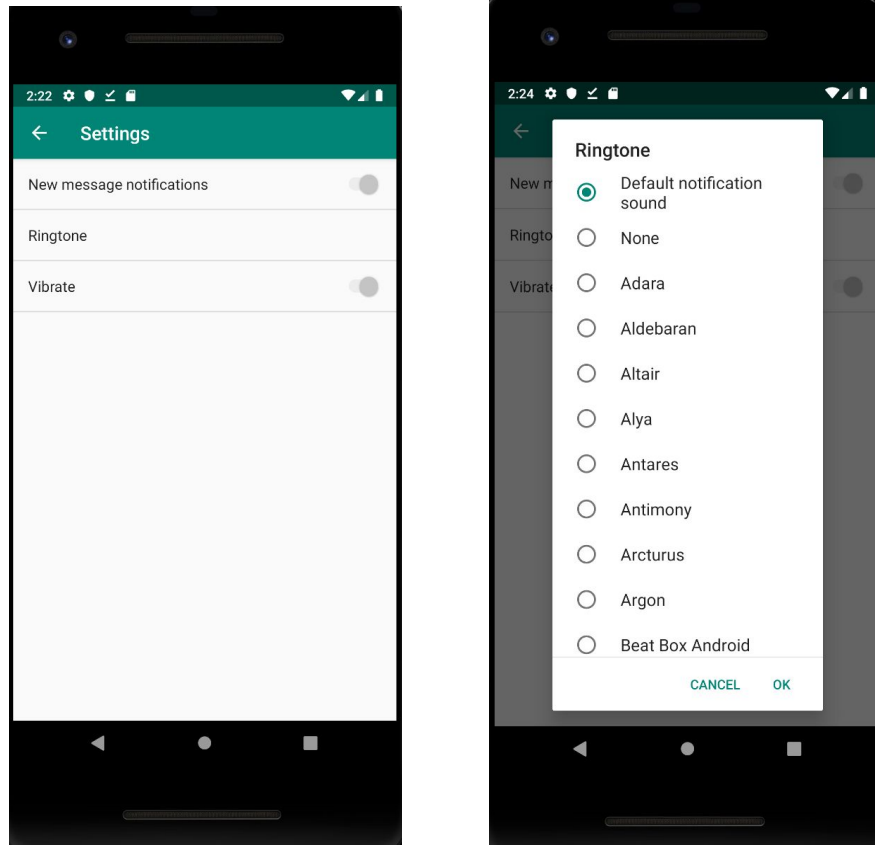

Step 2. To change from being a guide to a tourist, click the switch button to turn off being a guide, and vice versa from being a tourist to a guide.

Step 3. To change your food preferences for suggestion, click on “Food” and check mark your preferences.

Step 3. To change your activities and hobbies for suggestion, click on “Other” and check mark your preferences.

Notification Settings

Step 1. Switch “New message notifications” button on or off depending on whether you want notifications when a user has sent you a new message

Step 2. Click on “Ringtone” and select desired ringtone to change the sound of your notification

Step 3. Switch “Vibrate” button on or off depending on how you would like to be alerted by your notifications
